

### Cost Per Credit Hour by Division, Academic Year 2024-2025

The Johns Hopkins University is required to publish, in US dollars, per credit hour rates for flat rate tuition so that eligible active duty military students may receive the tuition assistance benefit. The tables below reflect these rates, as required by The Department of Defense. However, please note several JHU programs are billed as a flat rate per semester, and additionally, our Bologna campus bills students in euros rather than US dollars. **Note:** Flat rate programs *will not use per credit hour rates to calculate tuition charges*. For your reference, the cost of attendance (COA) for each division is also included below; this includes expenses you *may* incur which are not billed by JHU and should be used for planning purposes only.
